APPLICATION_TYPES

Constants Summary

Number	**HEADLESS_CLIENT** Constant for application type headless_client.
Number	**MOBILE_CLIENT** Constant for application type mobile client.
Number	**RUNTIME_CLIENT** Constant for application type runtime_client.
Number	**SMART_CLIENT** Constant for application type smart_client.
Number	**WEB_CLIENT** Constant for application type web_client.

Constants Details

HEADLESS_CLIENT

Constant for application type headless_client.

Returns

Number

Sample

```
if (application.getApplicationType() == APPLICATION_TYPES.HEADLESS_CLIENT)
{
        //we are in headless_client
}
```

MOBILE_CLIENT

Constant for application type mobile client.

Returns

Number

Sample

```
if (application.getApplicationType() == APPLICATION_TYPES.MOBILE_CLIENT)
{
        //we are in mobile client
}
```

RUNTIME_CLIENT

Constant for application type runtime_client.

Returns

Number

Sample

```
if (application.getApplicationType() == APPLICATION_TYPES.RUNTIME_CLIENT)
{
        //we are in runtime_client
}
```

SMART_CLIENT

Constant for application type smart_client.

Returns

Number

Sample

```
if (application.getApplicationType() == APPLICATION_TYPES.SMART_CLIENT)
{
        //we are in smart_client
}
```

WEB_CLIENT

Constant for application type web_client.

Returns

Number

Sample

```
if (application.getApplicationType() == APPLICATION_TYPES.WEB_CLIENT)
{
        //we are in web_client
}
```
