

Servoy stack info

This page provides an overview of all the open source, 3rd party components that are used by Servoy internally to provide the Servoy Application Server, the different Servoy Clients and Servoy Developer. Servoy takes care of the integration of these different components into the different Servoy products. As such, this overview is of informative nature.

Servoy

Package	Package version	Website	License	Basic function	Comment
Apache Tomcat	6.0.37	http://tomcat.apache.org/	Copyright (C) 1999, 2000 The Apache Software Foundation Apache Software License, Version 1.1	Servlet container	Non modified, but stripped down distribution
